Physician Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education.

Rhode Island Hospital is accredited by the Rhode Island Medical Society to provide continuing medical education for physicians.

Credit Designation

Rhode Island Hospital designates this educational activity for a maximum of 6.0 AMA PRA Category 1 credit(s)TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Handicapped assistance is available. Please contact The Rhode Island Hospital CME office at (401) 444-4260.

Rhode Island Hospital Continuing Medical Education has reviewed this activity's speaker disclosures and resolved all identified conflicts of interest, if applicable.

Nursing Accreditation

This program has been submitted for 6 contact hours through the Rhode Island State Nurses Association (RISNA). Rhode Island Hospital is approved as a provider of continuing education in nursing by RISNA. The Rhode Island State Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation (ANCC). Participants must attend the full symposium and complete a written evaluation to be awarded Continuing Education Credits.

Registered Dietitians Accreditation

Application has been made to the Commission on Dietetic Registrations (CDR) for 6 Continuing Professional Education (CPE) hours.

This activity is supported in part by an educational grant from the Abbott Nutrition Division of Abbott Laboratories.

ABOUT THIS PROGRAM:

Speakers from around the country were selected on the basis of their acknowledged experience in the subjects important to the care of infants and children. Our aim is to provide information on the cutting edge of Neonatology/Pediatric Gastroenterology by teaching participants the pathogenesis of a variety of diseases that affect newborns and children, and how the development of therapeutic approaches (pharmacologic and technologic) can influence outcomes.

PROGRAM - PLAZA BALLROOM

8:00 AM *Registration — Continental Breakfast*

8:45 AM *Opening Remarks*
James Padbury, MD

9:00 AM *The Rationale for Aggressive Early Protein Intake in ELBW Infants*
Scott Denne, M.D.

Upon completion of this presentation the participant should be able to:

- Explain the magnitude of protein losses in ELBW infants.
- Describe clinical strategies to support protein requirements in preterm infants.
- Discuss the potential relationship between protein/nutritional intake and growth and developmental outcomes.

10:00 AM *The Later Effects of Infant Feeding*
Virginia Stallings, M.D.

Upon Completion of this presentation the participant should be able to:

- Describe how prenatal diet may affect the infant.
- Explain how the infant diet has the potential to affect child's development.
- Discuss how adult health may be influenced by early nutritional intake.

11:00 AM *Coffee Break*

11:15 AM *The Significance of the WHO Growth Charts to Assess Growth in Infants & Children*

Cutberto Garza, M.D., PhD

Upon completion of this presentation the participant should be able to:

- Demonstrate an understanding of the background and conceptual basis for the new attained and velocity international growth standards for infants and young children.
- Discuss the methods used for the development of the new international standards.
- Explain the uses and evaluate the implications of the new international standards.

12:15 PM *Lunch Break*

1:00 PM *Afternoon Remarks*
Neal LeLeiko, MD, PhD

1:15 PM *Health Outcomes and Human Milk Feedings for VLBW Infants*

Paula Meier, RN, DNSc, FAAN

Upon completion of this presentation the participant should be able to:

- Compare and contrast the short- and long- term health outcomes of human milk feedings for premature infants.
- Describe mechanisms of protection that human milk provides premature infants, including down-regulation of inflammatory processes, and barrier protection.
- List best NICU practices to ensure that premature infants receive the highest possible dose of human milk over the NICU stay.

2:15 PM *Feeding the Difficult Infant and Child*
Debra Lobato, PhD

Beth Pinkos, MS, RD, LDN

Upon completion of this presentation the participant should be able to:

- Describe the diagnostic characteristics of childhood feeding disorders and failure-to-thrive.
- Explain the biomedical, environmental, and psychosocial factors that affect feeding in children.
- Describe the multidisciplinary approach to evaluation and treatment of childhood feeding disorders.

3:15 PM *Panel Discussion*

4:00 PM *Evaluations and Closing Remarks*
James Padbury, MD, Neal LeLeiko, MD, PhD

PROGRAM PLANNING COMMITTEE

Neal S. LeLeiko, MD, PhD

Professor, Department of Pediatrics
The Warren Alpert Medical School of Brown University
Director, Division of Pediatric Gastroenterology,
Nutrition and Liver Disease
Hasbro Children's Hospital, The Pediatric Division of
Rhode Island Hospital

James F. Padbury, MD

Oh - Zopfi Professor of Pediatrics and Perinatal Biology
The Warren Alpert Medical School of Brown University
Pediatrician-in-Chief
Program Director, COBRE for Perinatal Biology
Women & Infants Hospital of Rhode Island

Beth A. Pinkos, MS, RD, LDN
Barbara Lodowsky, RN, MS

FACULTY

Scott Denne, M.D.

Professor of Pediatrics
Associate Chairman of Clinical Research
Indiana University School of Medicine
Division of Neonatal-Perinatal Medicine
James W. Riley Hospital for Children
Indianapolis, IN

Cutberto Garza, MD, PhD

Provost and Dean of Faculty
Boston College
Chestnut Hill, MA

Debra Lobato, PhD

Clinical Associate Professor of Psychiatry & Human Behavior
Warren Alpert Medical School of Brown University
Director of Child Psychology
Rhode Island Hospital & Hasbro Children's Hospital
Providence, Rhode Island

Paula Meier, RN, DNSc, FAAN

Director for Clinical Research and Lactation
Neonatal Intensive Care Unit
Rush University Medical Center
Chicago, IL

Virginia Stallings, M.D.

Director, Office of Faculty Development, JSRI
Director, Nutrition Center
Division of Gastroenterology, Hepatology & Nutrition
Children's Hospital of Philadelphia
Philadelphia, PA

Beth A. Pinkos, MS, RD, LDN

Special Teams Coordinator
Pediatric Gastroenterology, Nutrition and Liver Disease
Hasbro Children's Hospital, The Pediatric Division of
Rhode Island Hospital
