

PARENT TRAINING FOR DISRUPTIVE BEHAVIORS

Does your school age child with an Autism Spectrum Disorder (ASD) diagnosis also exhibit challenging behaviors?

Join our parent training group and learn effective strategies for managing and reducing disruptive behaviors in children with ASD!

WHO:

- Parents/Caregivers of school-age children with Autism Spectrum Disorder (ASD) and co-occurring disruptive behaviors (aggression, tantrums, noncompliance, self-injury, property destruction, and/or difficulties with transitions)

WHAT:

The RUBI (Research Units in Behavioral Intervention) Autism Network (consisting of a nationwide team of experts in the field of autism) has created and tested a structured program of parent training in behavior management for parents/caregivers of school-age children with ASD and disruptive behaviors. This 6-week abbreviated program will introduce behavior modification techniques to help parents/caregivers learn effective ways for managing and reducing challenging behavior in their children.

***NOTE:** Group participation is billed under parent/caregiver insurance. Copayments may apply. Please contact your insurance company for further information. Attendance of all weekly sessions is mandatory.

WHEN:

Tuesdays from 1:00 PM - 2:30 PM beginning May 17, 2022 for 6 consecutive weeks

***Format of group (in-person or virtual) to be determined as date approaches**

WHERE:

Bradley Hospital, *Verrecchia Clinic for Children with Autism & Developmental Disabilities*
1011 Veterans Memorial Parkway, East Providence, RI 02915
