

# LifespanLink- Adding New Staff to Existing Site

Starting January 2023 there is a new workflow for creating LifespanLink accounts. End users will now submit a request via Link directly. This request will create an in-basket message to manage account creation.

## Start of Process- for all workflows

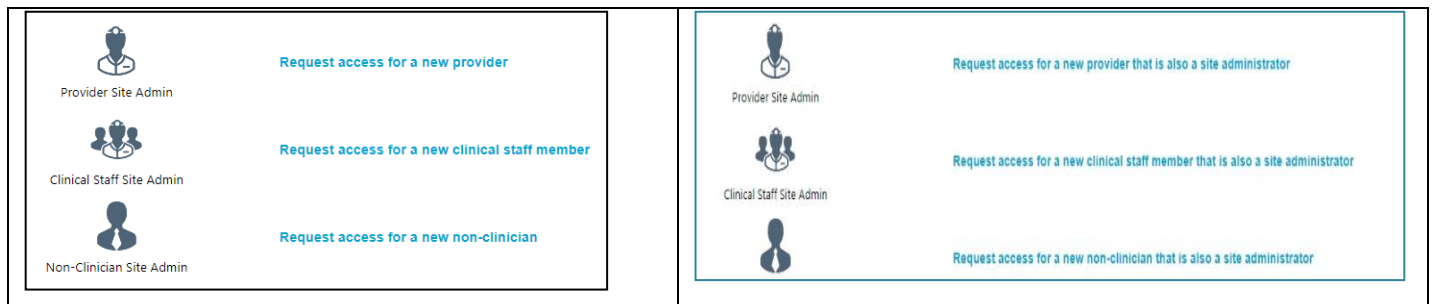

1. Site will access [LifespanLink / Lifespan](#) , fill out and submits the web form. ***\*If this step is skipped, the request will be denied\****
2. After submitting web form, the user will be redirected to the LifespanLink log on screen where they will log in
3. Go to Menu and find Account Requests.

1. Click Request New Account.

2. Choose appropriate link to launch form. If adding an additional site administrator choose appropriate request form for site admin.

3. You will be launched into the Add User workflow.

# New Site Administrator

1. User will choose appropriate Site Admin type:

**User Information**  
Name (Last,First):

**Basic Information**  
Work e-mail:  Work phone:   
User Address:   
Address:   
City:   
State:  ZIP:   
County:   
Country:

**Other**  
Click [here](#) to download the attached form.  
Attachments:   
10.0 MB Total Allowed

**Site Administrator**  
A site administrator is the person responsible for maintaining a site's records. These responsibilities include verifying that user accounts are current, deactivating the accounts of users who are no longer active at the site, and submitting requests to activate new user accounts. Every site must have at least one administrator.  
 Make this user a site administrator

- a. Complete form
- b. Click *Here* to download and print Site Administrator Attestation form.
- c. Users will download, **print**, fill out, sign, scan and attach the form using Add Files

**Note:** Electronic signatures are not accepted, your request will be denied if any documentation is uploaded with an e-signature

- d. Check the box to show they are the Site Administrator. **IMPORTANT**

**Site Administrator**

A site administrator is the person responsible for maintaining a site's records. These responsibilities include verifying that user accounts are current, deactivating the accounts of users who are no longer active at the site, and submitting requests to activate new user accounts. Every site must have at least one administrator.

Make this user a site administrator

2. Click Verification.

← Site information    **→ Verification**    × Cancel Request

3. The Terms & Conditions are listed- User acknowledges terms, validates they are not a robot (Recapture), and the “Requested by” field.
