

College students: join the 4-Safety team for a summer of fun!

WHO:

Undergrad or graduate students who live in OR attend school in Rhode Island or Southeastern Massachusetts

WHAT:

A 10-week summer internship with the 4-Safety program which includes a stipend at the end of the summer

Hear from our 2017 4-Safety Injury Prevention Scholars:

"The 4-Safety program is a great experience for students interested in medicine, public health, and community engagement. The internship gives you an opportunity to interact with and educate the public, develop meaningful content, and gain broader perspective on injury prevention and community health" 2017 Scholar

"The 4-Safety Summer Scholars Program was an incredible opportunity for me, as I got to engage with the community, work in a team setting, but also complete tasks independently. It was a rewarding experience that taught me a lot and gave me many skills that I plan to take with me" 2017 Scholar
