

ALL I WANT FOR CHRISTMAS

is a

safe holiday season

COOKING CAUSES THE MOST **HOME FIRES**

AND HOME FIRE INJURIES

BE CAREFUL COOKING AROUND THE HOLIDAYS! KEEP A

3 FOOT KID FREE ZONE AROUND THE STOVE TO KEEP KIDS SAFE

20%

of all burn cases in the US are for children ages 4 and under, with scalds being the most common cause of burn related hospitalizations for young children

32 home fires per day are attributed to candles.

Extinguish candles before you leave the room or use a battery powered candles for a safer alternative

when

HOLIDAY DECORATIONS

are too close to heat sources like fireplaces, space heaters and more, they can start a home fire

CHANGE YOUR SMOKE ALARM BATTERIES WHEN YOU CHANGE YOUR CLOCKS FOR DAYLIGHT SAVINGS. WORKING SMOKE ALARMS CAN **SAVE LIVES**
