Adult Partial Hospital Program

Welcome to the Adult Partial Hospital Program (PHP) at Rhode Island Hospital in the Department of Psychiatry. You have been referred to the PHP for treatment of your psychiatric problems. The PHP is a short-term intensive treatment, which includes group, individual and family therapy as well as medication management. The program is open five days a week and patients attend for six hours per day. The average length of stay is one to two weeks. Please review the orientation information below.

Location: We are in the Potter Building at Rhode Island Hospital on the 2nd floor (**Potter 2**).

Parking: Parking is available across the street from the building in the Plain Street parking lot. Parking vouchers are available for purchase at a cost of \$2.00 per day.

Time: There is a complimentary continental breakfast served starting at 7:30 am. **Please arrive at 7:45 am at the latest.** Program hours 8:00 am-1:30 pm.

Phone: **(401) 444-2128**
For emergencies please call (401) 444-4779.

Lunch: Continental breakfast and lunch are provided.

Treatment

Description: You will be involved in several different group therapies throughout the day. Individual therapy will also be part of the treatment. You will be assigned a Primary Therapist who will meet with you daily. The program Psychiatrist will work with you individually to discuss medication treatment options.

Duration of

Treatment: The average length of stay is approximately one to two weeks. However, length varies depending on individual needs.

What to

bring: Please bring a picture identification, your insurance card and a list of your current medications (with dosage information). Please also bring the name and phone numbers of your current outpatient providers.
