Date ____________________________

Dear _______________________________,

Welcome to Women’s Behavioral Medicine at the Women’s Medicine Collaborative.

Your appointment is on ___________________________ at _______________ am/pm
with __________________________________________ of Women’s Behavioral Medicine on the 3rd floor.

Please bring the completed new patient packet (enclosed), along with your insurance cards, photo ID, current medication list and co-payment.

Please do not mail your packet back to us.

Please arrive 20 minutes prior to your appointment time for registration. If you need to cancel or reschedule your appointment, we request that you do so at least 24 hours in advance. Please call us at (401) 793-7020 if you have any questions. Please Note: If you arrive more than 15 minutes late, it is possible you may not be seen.

We are an outpatient program specializing in the treatment of women who are struggling with mood and anxiety disorders. While in treatment here, we may recommend that you participate in a combination of individual psychotherapy and/or medication management for your symptoms. If medications are needed and recommended, the prescribing doctor will review the medication options with you. If you have further questions or you are experiencing side effects, contact your clinician at (401) 793-7020. Please be aware that if your clinician feels you need further assessment, you may be referred to another facility for crisis evaluation, such as an emergency room. Similarly, if a family member has a question or concern, they can contact your clinician during or after business hours if the concern is emergent by calling (401) 793-7020.

We are glad you are here. Because we want you to feel better, your ongoing care is important to us. In order to facilitate this, it is vital that you keep all of your appointments. Multiple missed or canceled appointments may result in discharge of your care. We welcome any questions or comments that you or your family may have regarding your treatment.

Directions are on the reverse side of this letter. Park in the South parking lot. Parking is free.

For more information about the Women’s Medicine Collaborative, visit our website at WomensMedicine.org.

We look forward to seeing you.

Sincerely,

Women’s Behavioral Medicine

About Your Billing

To our patients:

This letter is to give you notice that the Women’s Medicine Collaborative is an out-patient department of The Miriam Hospital. It is not a private doctor’s office.

Because we are part of the hospital system, you may be responsible for two charges - a facility fee and a fee for physician or other licensed professional services.

You are responsible for all copayment, coinsurance, or deductible payments according to your insurance plan.

We cannot predict the total out-of-pocket expense you will have for your visit. You are strongly encouraged to contact your insurance company prior to your office visit or procedure to understand your responsibility for any copayment, coinsurance, and/or deductible. Your copayment is due at the time of the visit.

Please also ask your insurance company if a referral or prior authorization is necessary.

If you have any questions, please contact our office at (401) 793-5700.

Sincerely,

The Miriam Hospital

doing business as Women’s Medicine Collaborative

Definitions

Facility fee: A facility fee is a legally mandated charge for services given in a hospital-based out-patient department. This is also called "provider-based billing", which is a service charge for the patient’s use of the hospital’s facility, equipment, and support services.

Copayment (Copay): A fixed amount ($20, for example) you pay for a health care service. Copayments can vary for different services within the same insurance plan, like medications, lab tests, and visits to specialists.

Deductible:
The amount you pay for health care services before your insurance plan starts to pay. With a $2,000 deductible, for example, you pay the first $2,000 of health care services yourself. After you pay your deductible in full, you usually pay only a copay or coinsurance for covered health care services. Your insurance company pays the rest.

Coinsurance: The percentage of the cost of a health care service that you must pay (20%, for example) after you've paid your deductible. For example, if you've paid your deductible in full, and the cost of the service is $100, you must pay 20% of $100, or $20. The insurance company pays the rest.
