

**Brown University's Department of Anesthesia
presents the
2020 Rhode Island Anesthesia Conference
*Cardiac Anesthesia for the
Non-Cardiac Anesthesia Provider***

**Saturday, May 2, 2020 | 7:00am-2:30pm
Providence Downtown Marriott, Providence, RI**

PROGRAM DESCRIPTION

This year's program will include nationally recognized speakers, a panel discussion, and a poster session for CRNA's, Residents, and Anesthesiologist's. This activity will focus on the complexities of care for patients with underlying cardiovascular disease. Topics covered during the conference include interventional cardiology procedures, the adult congenital heart disease patient for non-cardiac surgery, mechanical assist devices for cardiac support, right heart dysfunction, and the use of echocardiography to guide management for non-cardiac surgery.

LEARNING OBJECTIVES

At the completion of this activity, participants should be able to:

- Explain the physiology of complex cardiac diseases and devices and be able to formulate a plan for the perioperative care of these patient populations for non-cardiac surgery
- Identify the steps of structural heart transcatheter procedures and anticipate complications during these procedures
- Assess the RV function and pulmonary HTN and make an appropriate perioperative plan for these patients
- Identify rescue echocardiography to diagnose and treat patients with hemodynamic disturbances

TARGET AUDIENCE

Anesthesiologists, Surgeons, Cardiologists, Internists, Certified Registered Nurse Anesthetists, Student Registered Nurse Anesthetists, Anesthesia Residents, Medical Students, and Interested Healthcare Professionals
